**WE'RE FOR AMERICA AMERICANS!**  
**BRADLEY!**

**Kentucky's Own Son  
for President.**

**BRADLEY'S CURRENCY PLATFORM.**  
"I am opposed to the free and unlimited  
exchange of silver, believing it would destroy  
all National property. The gold dollar is  
the best dollar, and I am in favor of mak-  
ing every other dollar equivalent to it in  
value. I am the friend of silver, and be-  
lieve it can be best protected by holding its  
value in such bonds as will insure its pur-  
chase with gold on a circulating medium."  
—W. O. BRADLEY.

The Manchester (N. H.) Signal thus fairly  
states the case:  
"It is perfectly right and altogether  
proper that Kentucky should compliment  
Governor BRADLEY with its vote in the  
St. Louis Convention. The party govern-  
ment has won this honor, and it is due  
that his state confer it upon him. Of  
course, after the first ballot Kentucky  
will be solid for McKinley. If that  
gentleman is not nominated on that  
ballot."

It will not—it cannot—be denied that  
the Republicans of Kentucky are almost  
unanimously in favor of McKinley for  
second choice, and the distinguished  
Ohioan, if nominated, will have no more  
enthusiastic supporters than will be  
found among those who now favor Gov-  
ernor BRADLEY for nomination by the  
St. Louis Convention.

The fact that Kentucky Republicans  
for the first time in the history of their  
party, now have an opportunity to pre-  
sent the name of their own victorious  
leader to a National Convention is of  
itself enough to warrant them in push-  
ing the claims of Governor BRADLEY.

It would be strange indeed—it would  
be worse than strange, it would be dis-  
loyal—if Ohio should forsake her own  
son in favor of a candidate from another  
state; and it is not believed that Major  
McKINLEY reasonably expects Kentucky  
to do otherwise than to give its support  
to Governor BRADLEY as long as there is  
any chance for him.

If it shall turn out that Governor  
BRADLEY'S chances are hopeless, there  
can be no doubt as to the course of Ken-  
tucky Republicans they will support  
McKINLEY as they have never before  
supported any man on the National  
Ticket.

And if Governor BRADLEY shall be  
nominated,  
Or if Major McKinley shall be nomi-  
nated,  
Or whoever may be nominated,  
The Republicans of Kentucky will  
leave no stone unturned to place the  
cause of the National Republican pyra-  
mid.

**RUN ON A BANK**

By Frightened Depositors Cause It to Close Its Doors.

VERMILION, Ky., March 28.—The De-  
posit bank at Midway, whose cashier  
and assistant cashier—Wm. Shipp and  
Chas. W. Stone—are said to have em-  
bezzled \$75,000 of its funds, made an as-  
signment Friday to one of the direc-  
tors, John Wise.

It was announced Thursday that the  
bank would reorganize and continue  
business, but the depositors became  
frightened and made a run on the bank,  
forcing the assignment. There is due  
depositors \$40,000, while the bank is  
said to hold nearly \$60,000 of collect-  
able notes.

In addition to their shortage with  
the bank, Shipp and Stone are said to  
have embezzled \$20,000 to \$25,000 more  
as trustees and agents of the colonies,  
which involves numerous bondholders.

**SERIOUS CLASH**

Between Louisville Mayor and the Board  
of Public Safety.

LOUISVILLE, Ky., March 28.—It looks  
like war to the knife now between Re-  
publican Mayor Todd and the democ-  
ratic board of safety. The board some-  
time ago announced certain changes  
it desired, and ordered made. The  
mayor did not like them, and now pro-  
poses an adjustment of the department  
by which no new men will be needed  
for the three additional houses to be  
opened. The mayor says that he knows  
beans from peas and that there has  
been too much extravagance. Prices  
have been out of reason, he says, and  
promises to reduce them to where they  
belong.

**BILLS VETOED.**

Gov. Bradley Disposes of Two More  
Than Thorne Bill Approved.

FRANKFORT, Ky., March 27.—Late  
Friday afternoon Gov. Bradley vetoed  
the bill allowing Mrs. Mary C. Bennett  
to draw the salary of her husband, the  
late Chief Justice Casswell Bennett,  
from August, 1894, when he died, to De-  
cember 31, 1894. He says the bill is un-  
constitutional.

He approved the Thorne private  
brand whiskey bill. He has not passed  
the Hiram Campbell bill, but he says  
it is thought he will allow it to be-  
come a law without his approval.

DAVENSLEY, Ky., March 28.—The Ken-  
tucky school for the deaf and dumb, the  
largest public institutions in the state,

first of May this year because of lack of  
money to pay expenses. This is a  
month earlier than usual. None of the  
varnishes have been cashed by the state  
treasury for eight months, and large  
special appropriations have never been  
made. There are 300 pupils at the school.

**Epidemic of Measles.**

LEXINGTON, Ky., March 28.—News  
comes from Floyd county that an out-  
break of measles epidemic is making its

county a year ago, has taken place.  
There are over forty cases and ten  
deaths. Last year a great number of  
persons in the same section died from  
the disease, and it was not stamped out  
until it had attracted the attention of  
the state board of health.

**TRADE REVIEW.**

No Important Change in General  
Condition of Business.

**Foreign Trade During the Week Was  
a Little More Satisfactory.**

In Iron and Steel the Conditions Were  
Slightly Improved—Wheat Has Gained  
About a Point, But Corn and Cot-  
ton Remains Unchanged.

NEW YORK, March 28.—R. G. Dun &  
Co., says Saturday in their weekly re-  
view of trade:  
The returns of failures are somewhat  
disappointing. Several of magnitude  
were mentioned a week ago, and they  
have swelled the aggregate of defaulted  
aggregates for three weeks of March to  
\$12,383,014, against \$11,771,131 last year.  
Many failures in Texas will also swell  
the aggregate of returns for the past  
week, which includes \$29 in the United  
States against \$24 last year, and \$9 in  
Canada against \$4 last year.

No important change has occurred in  
the general condition of business dur-  
ing the week and if trade in some re-  
spects, looks worse, in other respects it  
seems better. Some failures of magni-  
tude have occurred, which have caused  
much apprehension and unwillingness  
to lend among bankers, and there have  
been somewhat less favorable features  
in the dry goods market. Iron and  
steel, however, has improved, and in  
books considerably more hopeful. For-  
eign trade has been satisfactory. Exports  
from New York for three weeks show-  
ing an increase over last year of six  
per cent, while imports have shown  
nearly the same rate of decrease. In  
general the course of domestic prices  
tends to favor the marketing of staples  
abroad.

Wheat has gained about a point but  
corn and cotton remain unchanged.  
Cotton had a lively rise with the  
feature of short selling, but began to  
decline a week ago, and has been lagging  
ever since. The receipts from planta-  
tions continue quite as large as in the  
past, and the short supply of dry year;  
and stocks in sight, with the quantities  
known to be held by European and  
American, and the ample supply for  
the rest of the crop year.

In the dry goods market the last in-  
dications do not warrant expectations  
that the mills will continue full pro-  
duction throughout the season. The  
demand for women's dress goods is the  
feature of the market. The sales of  
woolens have fallen less than half an  
ordinary week's full consump-  
tion, amounting last week to only  
about 100,000 yards, or about 10 per cent  
below the average of the last few years.  
A striking feature this week has been  
a sale of 350,000 pounds of American  
wool, which is a very large quantity.  
The iron and steel markets have dis-  
closed a similar feature for a little Al-  
abama pig has been sold for export,  
which is a very large quantity.

The combination of lake ore producers has  
last announced the prices for the com-  
ing season. Four dollars for first-class  
Bessemer; \$5.40 to \$5.75 for Mesaba  
and \$3 for low-Bessemer ores; and it is  
estimated that the market will be at  
least \$1.25 at Pittsburgh, which is now  
the current price there. But the slow  
marketing of finished products is still  
the main trouble. There has been a  
little more activity this week, but  
the market is still inactive and insuffi-  
cient to it.

The earnings of the railroads have been  
rather less promising than in pre-  
vious months. The average for the first  
four months of the year is 3.4 per  
cent, better than last March, but far  
below the average for the first four  
months of the year. The earnings of  
the railroads have been rather less prom-  
ising than in previous months. The aver-  
age for the first four months of the year  
is 3.4 per cent, better than last March,  
but far below the average for the first  
four months of the year.

**Opposed to a Free Silver Platform.**

DANVILLE, Ky., March 28.—A meeting  
of sound money democrats was held  
here Friday, in which about two hun-  
dred prominent politicians took part.  
They practically determined to bolt  
the party if a free silver platform is  
called for the state convention. The  
meeting passed resolutions favoring the  
adoption of a state convention of sound  
money democrats to consider the situa-  
tion. Resolutions declaring in favor  
of the gold standard and that "A full  
term of populist government is prefer-  
able to free silver democracy," were  
adopted.

**The Chicago Truck Mystery.**

CHICAGO, March 28.—At three o'clock  
Friday afternoon a postmortem exam-  
ination of the truck which was found  
Thursday by Greiss and Haft in the  
trunk brought among some unexplained  
findings. It resulted in the finding of  
two traces of the skull which appear  
to have been made with a hammer.  
Detectives are working on the case,  
and hope for more information to pre-  
sent at the inquest which will be held  
Saturday morning.

**Dr. Peters Will Resign.**

BERLIN, March 28.—Dr. Peters, the  
African explorer, against whom grave  
charges have been made regarding his  
conduct as an official of the German

duct ends. He will go to Somalia in  
the service of the German colonial gov-  
ernment.

**The Sentence of Imprisonment Quashed.**

LEIPZIG, March 28.—The supreme

ing been guilty of a crime against the  
German flag, alleged to have been Bethel,  
under the name of Nellie Knoke.
